Your Daily Mission & Coaching Review

1. Daily Star Rating & Hero Title

4 out of 5 Stars - Math Mastermind
2. What You Rocked Today

You crushed your math study today! You spent over 50 minutes working hard on your Grade 9 Math PDF. That shows awesome focus and brain power. You also explored some super cool topics about space and history.
3. The Distraction Trap

YouTube was your main distraction trap today. You spent about 36 minutes hopping between different videos about black holes, dimensions, and stories. Learning new things is great, but switching between lots of quick videos can break your focus quest.
4. Tomorrow Mission & Boss Battle

Tomorrow Mission: Beat the YouTube Siren Boss!

Your challenge tomorrow is to complete your study session first before opening YouTube. Treat those cool videos as your level-complete reward at the end of the day!
