

Weekly Student Reward & Performance Report

Generated on: Monday, August 31, 2026

STATUS: ELIGIBLE FOR REWARD

WEEKLY SCORE: 82/100

Coach Evaluation & Reward Decision

STATUS: ELIGIBLE FOR REWARD

OVERALL_SCORE: 82/100

WEEKLY_HIGHLIGHTS:

- Great Daily Focus: Consistently spent over 50 minutes in focused study sessions powering through Grade 9 Math PDFs and core subjects.
- 100% Goal Completion: Successfully completed all self-planned daily tasks and exercises across math and computer studies.
- High Curiosity & Engagement: Maintained an active learning mindset by exploring fascinating outclass topics in space, history, and productivity techniques.

AREAS_FOR_GROWTH:

- YouTube Distraction Control: Chrome screen time reached over 36 minutes on video loops—try capping distraction time to under 20 minutes after study sessions are complete.
- Test Score Improvement: Academic test scores in English (65.3%) and Urdu (69.3%) show good effort but need extra revision cycles to push into top grades.
- Long-Term Deadline Planning: As highlighted in parent feedback, set up a visible weekly calendar to track future assignment deadlines early rather than daily.

VERDICT_MESSAGE:

Awesome effort this week, Rohaan! You've earned the title of "Math Mastermind" by crushing your math goals and staying dedicated to your daily study plan. You have earned your reward for this week! For next week's quest, your main boss battle is to defeat the "Click Monster" by keeping YouTube capped at 20 minutes and planning out your test preparation early. Keep up the fantastic momentum!
